1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

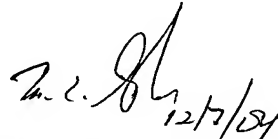

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1-8 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Binder et al.

Note Figs 1 and 2 and bore 26 with transverse passages 25. Re-claims 4 and 5, the terms positive and non-positive, without any further structural detail, are relative.

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Kammel et al. and Goodman show dust boots for shock absorbers.

4. Any inquiry concerning this communication should be directed to Matthew C Graham at telephone number 703-308-2570.
